

E&A Scheer: Master blenders and worldwide suppliers of bulk Rum

COMPANY PROFILE

E&A Scheer was established in 1712 in Amsterdam - The Netherlands -, and has been active in the bulk Rum business ever since. We are an independent company specialized in blending and supplying Rum in bulk to our industrial clients worldwide.

E&A Scheer has two main product lines;

- Bespoke Rum blends in bulk which are always reproducible out of Amsterdam
- Unique, old, rare and aged Rum in casks out of Liverpool.

Sourcing Rum from over 25 origins, from Central America to the Pacific Islands and from the Caribbean to the Islands of East Africa.

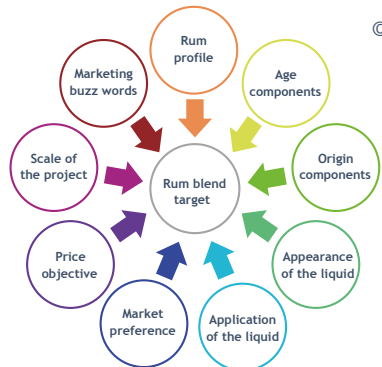

We work with the full spectrum of Rum types, creating Rum blends for sipping and for mixing, covering a large range of origins, ages and prices.

- Light Rum up to very exclusive aged Rums
- Bespoke Rum blends
- Master blenders with decades of experience in blending Rum
- From start-up brands to global spirits companies

THE BLENDING TOOL

In order to fully understand the desired specifications regarding your Rum project, we developed The Blending Tool. After filling in a short questionnaire, the Rum blend target is formulated. Based on this we create a first set of samples. You will find The Blending Tool online.

YOUR ADVANTAGES

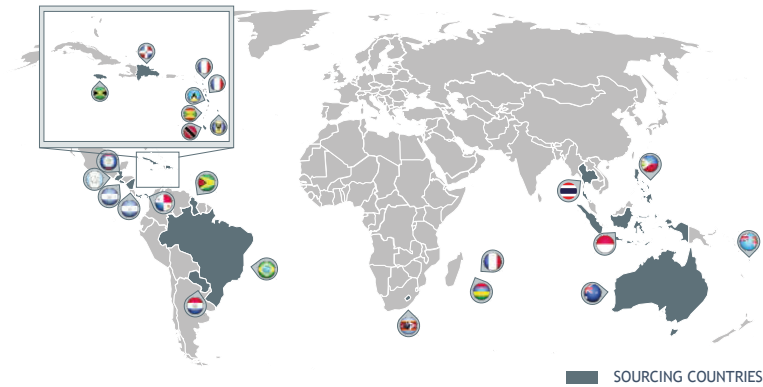

Our unique business model provides you with continuity in supply of your Rum, consistency in quality and more control over the price as compared to sourcing from individual producers.

We offer a full spectrum of Rums to create any bespoke Rum blend according to your specifications.

As we are stock keeping, we guarantee short lead times of all qualities and quantities (MOQ 1.000 liters): orders are ready for shipment within 7 to 10 working days.

You can benefit from our proven and efficient Rum value chain, connecting distillers with bottlers, distributors and brand owners.

We genuinely care about sustainability and have the following certifications: ISO 9001, FSSC 22000, Organic, Fair Trade and Bonsucro.
