Rum Blending Tool

In order to fully understand the desired specifications regarding your Rum project, we developed The Rum Blending Tool. After filling in a short questionnaire, the Rum blend target is formulated. Based on this we create a first set of samples. You will find the The Rum Blending Tool online; www.rum.nl

Light Rum up to very exclusive aged Rums

Bespoke Rum blends

Master blenders with decades of experience in blending Rum

From start-up brands to global spirits companies
